Update from the head

Hello everyone,

Thank you so much to all of the children, teachers and parents for another fabulous week at Newby and Scalby. You could say that it has been 'Out of this World!'

Speaking of space, next week will see a number of changes to our normal school lunch menu, with a special cosmic feast arriving on Thursday (Census Day). Please do check out the other fantastic goings on, in our 'Other News' section of this newsletter.

Today, the year 3 children have braved the elements to give something back to the community. The litter pick, organised by Mrs Allenby, has been a great opportunity for the children to not only to pick up litter but to learn about the protection and conservation of our wonderful community green spaces and its inherent wildlife.

A little reminder please also, with the safety of children being our highest priority, please park considerately and safely when dropping off and collecting children from school. We appreciate your support with this.

Thank you, as ever, for your wonderful support!

Mr Wriglesworth

Class 0C & 0S

This week we have been creating art inspired by Bridget Riley. We have been using patterned printed rollers and scrapers to create patterns and spirals. We have also made healthy fruit salads and learnt the names of the four fruits; melon, pear, avocado and pineapple. We used our cutting skills to chop the fruit carefully and safely. It was great so see so many children trying something new with a keen attitude!

In maths we have continued sorting. We have discussed different sorting rules and considered how objects need to be the same when sorting.

In phonics we have learnt the next four sounds; G O C K

Year 1

Class 1A & 1S

This week we have been really enjoying our RE. We are learning about what it means to belong to a group. We've discussed the groups we belong to such as our class, our teams, Rainbows, Squirrels or football.

Whilst learning about this we have found out about an important person, Gareth Malone. He made people feel like they belonged by creating a home choir during the Covid-19 pandemic (something we were also amazed by as we couldn't believe you had to stay at home!)

We have loved listening to the song. Use [this link](#) to listen to it yourself.

Class 2S & 2MT

We have had another lovely week in Year 2! In music we have been finding the pulse. In PE, we have worked on our feet-eye co-ordination.

This week has seen the children being supported to write their own stories using our 'Meerkat Mail' book as a model. They have created some super problems and resolutions!

The children took photographs of different tones and colours using their iPads to be used for their photocollages next week. They looked at the work of David Hockney for inspiration.

Class 3C & 3WR

In Year 3 this week, we have continued to learn about life in the Stone Age. We completed a mini treasure hunt on the school playground, looking for pictures that showed some of the animals and foods they ate. Did you know that the tools they used were either made from wood, stone or bone?

In science, we have learnt about how a fossil is formed and that Mary Anning was a famous palaeontologist who discovered the first ichthyosaurs (fish-lizard) fossil in Lyme Regis.

Today (27th September), the children have been on a litter pick around the local area. We will share how we got on in next week's newsletter.

Year 4

Class 4S & 4M

This week Year 4 have visited Yorvik and The Dig. Despite the weather, what an adventure we had! We loved looking at all the artefacts and learning lots of new information. We found out about lots of uses for so many different things we still use now. We were so proud of how well the children behaved, listened and showed respect towards the public on such a busy trip. Your child will now be able to use all this new learning to give context to our Viking topic that we are studying in class.

We have been looking at writing our own warning story, addition and subtraction and continuing to read Edward Tulane (AKA Susanna- ask your children...)

Year 5

Class 5G & 5BT

This week, we have started to write our first shared write of the year and the children have done a fantastic job of building their ideas to include in their writing. In reading, we have looked at characterisation and making inferences about characters while reading Street Child and in maths we have started our new addition and subtraction unit. The children really impressed us with their exchanging skills in column addition and subtraction. We have also learned about Boudicca this week in history, looking at how and why she revolted against the Romans and in computing, we researched different search engines.

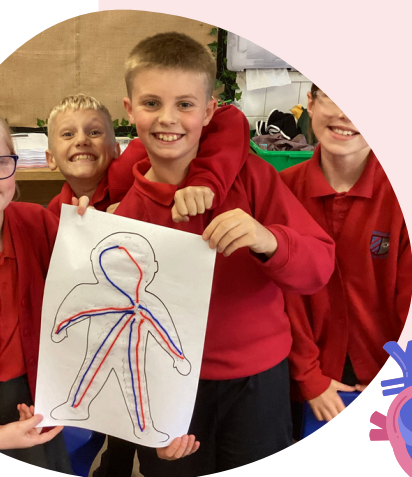

PE is a highlight, as is swimming. The children in 5BT are showing excellent team work skills in their PE sessions, and with each session, their ability to communicate and problem solve as a team is improving. The theme of team work continued with wet play offering opportunities for fun and games! Well done on another fantastic week year 5. Enjoy your weekend!

Class 6BA & 6BL

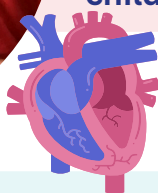

Year 6 have been gaining some fantastic knowledge this week around a host of topics. Adults visiting the classrooms were amazed at their knowledge around the circulatory system, the different blood vessels in the body and their functions.

In PSHE, they have been learning about rights and responsibilities, rewards and consequences. We hope they will reflect on this outside of the classroom also.

The children have been innovating their own 'Defeating the Monster' story based around the Tibicena. They have some fabulous ideas and are learning to magpie some great vocabulary to add suspense.

This week in Maths has been all about multiplication. Some children have made heaps of progress in the written method! Any work that can be done at home around times tables will help children to become as efficient as possible.

Attendance

Attendance matters.

Coming to school on time, every day is vital to achieving the best possible outcomes as well as learning good habits which will benefit everyone in the future. Below is this weeks' attendance.

EYFS

Miss Cousins	96%
Miss Scott	93%

Year 1

Mrs Allenby	96.5%
Miss Scuffham	94.7%

Year 2

Mrs Stubbings	98.3%
Mrs McGuinness/Mrs Tipple	92.8%

Year 3

Mrs Clayton/Mrs Tipple	95%
Mrs Wadley/Mrs Rowe	90.7%

Year 4

Mrs Smith/Mrs Winspear	91.4%
Mrs Murphy	97.4%

Year 5

Mr Bolton/Mrs Trousdale	93.6%
Mrs Gortzak/Mrs Winspear	97.3%

Year 6

Mrs Bates/Mrs Trousdale	97.2%
Miss Blakeley	92.1%

Week 4 attendance winners

Congratulations to Mrs Stubbings's Class

WORLD SPACE WEEK

Prize Draw - Thursday 3rd October

If your child is in school on Thursday 3rd October their name will be entered into a prize draw to win one of two £25 Sainsbury's gift vouchers. One voucher will be awarded to Reception and KS1 and another to KS2. The winning pupil will also be able to choose a book from Mr Wriglesworth's library.

Space Week Menu

All pupils will be encouraged to try a special Space Week themed meal on Thursday 3rd October. This is a wonderful opportunity for your child to try a school meal, if they haven't before!

Space Activities

Pupils will bring home a 'Design a T-Shirt' competition and activity sheet this evening. Competition entries should be returned to school before 7th October where one entry will be chosen to submit on behalf of the school.
