Update from the head

Hello everyone,

A warm welcome back to all of you that make up our wonderful school community. It has been lovely to see so many smiling faces walking through the gate each morning. It has been fantastic speaking with the children this week, at break and in the corridors, about their holidays and their excitement about this half term.

Over the holidays, the school has had more refurbishment with another classroom and the staffroom receiving substantial refreshment and updating.

This week sees the beginning of each class' new Talk for Writing unit, which begins with a 'Hook' or a stimulus from which to write. Excitement was fizzing through the school as the teachers dreamt up a multitude of magical ways to engage and enthuse.

A massive thank you to everyone for the situation around parking at drop-off and pick-up. There is much less congestion and parking close to the school, allowing for a more efficient and safe environment for families to arrive and depart. Thank you for your efforts around this.

Thank you, as ever, for your wonderful support.

Mr Wriglesworth

Class 0C & 0S

On Monday, we had a visit from 'Baby Bear'. He crash landed into Mr Wriglesworth's office in a rocket ship. He asked if he could stay in our classroom and even brought us some cookies from his picnic. This kick-started our new Talk for Writing story 'Whatever Next!'. After reading the story we drew a story map and thought of actions to go with the different parts of the story.

We have had lots of discussions about Halloween and Bonfire Night and found out that we all celebrated differently. We used paint, salt and PVA glue to make firework art.

In maths, we learnt about circles and triangles. We talked about their properties, compared them and looked for them in our environment. Maybe you could look for these shapes around your home?

In phonics we learnt 4 new sounds; J V W X

Year 1

Class 1A & 1S

It has been great to welcome back the children after the holidays and they have settled back into school with positive learning attitudes.

This week we have started our new Talk for Writing unit. We found some footprints and signposts for: The Lake, A Log-pile House and The Treetop House. All of which were places in our new book, The Gruffalo's Child.

This half term will see use finding out about all things transport. Our new REC book is, A Journey Through Transport and we have begun to look at different modes of transport and how some of them move.

Class 2S & 2MT

Year 2 have had a fantastic start to this half term and it has been so lovely to have so many children with a positive attitude to learning. We begun our history topic on “The Great Fire of London’ and enjoyed tasting some freshly made bread, imagining what life would have been like in Pudding Lane where the fire started.

In maths we have been working on adding two 2 digit numbers together, adding the ones first and then the tens. We enjoyed discussing our new book “The Tear Thief’ by Carol Ann Duffy within our reading strategy. We learnt about the author and made predictions about the story using the front cover.

We have also had our first D & T lessons of the year and started to look at ‘free standing structures’ and which materials would work best for constructing them.

Class 3C & 3WR

This week, we launched an exciting new Talk for Writing topic, and already a mysterious event has started to unfold. We received an unexpected message from a cobbler named Krak, who seemed very concerned about something he had noticed in the woodland area. Could it be a dragon or some other mythical creature lurking nearby? Over the next few weeks, we will become storytellers, using our imaginations to create thrilling "defeating the monster" tales.

In History, the children have started learning about Stonehenge, one of the world’s most famous landmarks, built over 4,500 years ago. Ask your child about what they've learned so far—there’s so much to discover about this ancient wonder!

In Maths, we are learning about multiplication and division, and practicing these skills will help us solve a variety of mathematical challenges. Focusing on the 3x, 4x and 8x tables at home would be a great support for your child’s learning. Just a few minutes of practice each day can really help them build confidence and fluency.

Class 4S & 4M

This week Year 4 entered their classrooms and were surprised to find a courtroom layout had replaced their usual tables. We were asked to be the jury and to deliberate the answer to the question, 'Who should Edward Tulane live with?' We had to consider their testimony, presenting their case for why they were the most suitable guardian for Edward Tulane. We payed close attention to their words, tone, and demeanour, to make our final decision on who would retain custody of our treasured china rabbit.

is our
our toolkit to help
bulary. They are
continuing to look at

This half term, we are beginning to look at multiplication and division in maths. In history, we are continuing to learn about Vikings. We are starting a new topic in art about sculptures, where we will take inspiration form George Segal (the artist, no relation to the actor). Continuing on from last half terms unit, we are looking at food chains in science. In PE, we are covering two units: dance with a 'cats' theme and netball.

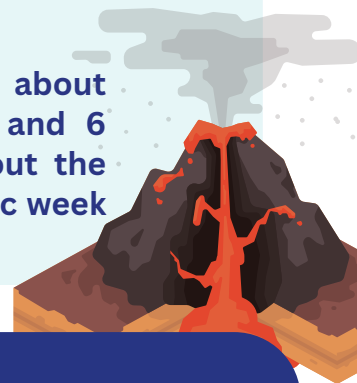

Year 5

Class 5G & 5BT

We were all very excited to see all the year 5 children after their first half term break - we hope they all had a great time and got some well-deserved rest. This week, we have started our new writing unit, which will be an action story. The children loved the hook for the writing and I am sure they will really enjoy creating their own action story!

In reading, we have been focussing on making inferences about Street Child, using evidence from the text and we have continued to learn long multiplication in maths. We have also moved on to short division this week and the children have shown outstanding resilience while learning both of these skills.

We have also started our new geography unit about mountains and volcanoes. The children used 4 and 6 figure grid references this week and learned about the human life cycle in science. Well done on a fantastic week everyone!

Class 6BA & 6BL

Year 6 have had a busy start to a new half term. Many of them have set some great examples during some of their additional responsibilities at lunchtime, helping out in the dinner hall and on the infant playground. This week, they have started their new topic in Art and enjoyed exploring the different textures created by both watercolour and oil paints. They will continue to explore the work by George Marston and the techniques used to create their own landscape art.

Maths this half term is based all around fractions, decimals and percentages. They have started to compare fractions using numerators and denominators this week.

The children have enjoyed their additional PE session: they have been learning the Samba in dance and been working on their netball skills. Finally, the children represented school well during the act of remembrance at St Laurence's church today. They learnt lots about the local impact the war had on Scarborough.

Attendance

Attendance matters.

Coming to school on time, every day is vital to achieving the best possible outcomes as well as learning good habits which will benefit everyone in the future. Below is this weeks' attendance.

EYFS

Miss Cousins	96.7%
Miss Scott	91.6%

Year 1

Mrs Allenby	92.1%
Miss Scuffham	89.4%

Year 2

Mrs Stubbings	97.3%
Mrs McGuinness/Mrs Tipple	97.7%

Year 3

Mrs Clayton/Mrs Tipple	96.7%
Mrs Wadley/Mrs Rowe	98.5%

Year 4

Mrs Smith/Mrs Winspear	92%
Mrs Murphy	96.4%

Year 5

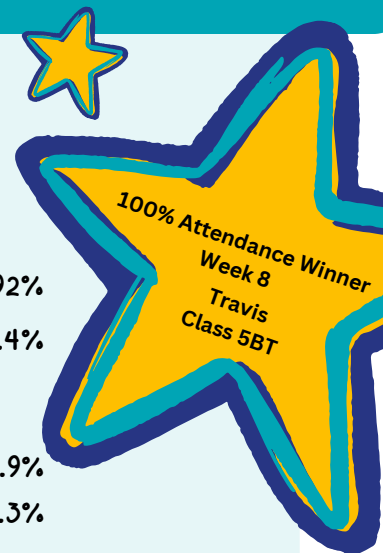

Mr Bolton/Mrs Trousdale	93.9%
Mrs Gortzak/Mrs Winspear	92.3%

Year 6

Mrs Bates/Mrs Trousdale	95%
Miss Blakeley	94.7%

Week 10 attendance winners

Congratulations to Mrs Wadley & Mrs Rowe's Class

Other News

Girls Football Tournament 26.10.24

The girls played brilliantly, scoring 5 goals in one of their group matches. They showed brilliant team spirit on an enjoyable sunny Saturday morning.

Attendance

Congratulations to 1A (Mrs Allenby's Class) and 3WR (Mrs Wadley & Mrs Rowe's Class) who both completed their attendance tracker this week. Pupils will receive their McFlurry reward next week.

Today team **DREAM** enjoyed their attendance reward for earning the highest DREAMS Points total last half term.

We believe that pupils can only benefit from the education in our school through regular school attendance. Our school's current attendance, year to date is **95.6%**, just above the national average of 95.4%.

Safeguarding

Ensuring our pupils are safe and well looked after is our key priority.
